

Favorite quotes from the Dowager Countess of Downton Abbey:

"Everyone goes down the aisle with half the story hidden."

February 21, 2014

I haven't been out to NASA's website for quite a few months, but I am happy to report that we haven't been hit by any meteors during that time, we haven't seen any northern lights around here, and nobody knows why the wind keeps blowing like it is.

I mean, really. I'm tired about talking about it. But you just can't help it. Sunday night, after the wonderful thaw all day long - with wind helping to dry things up -- I drove home through an amazing blizzard. That's right. A blizzard. Then just as I got to my driveway, I saw a very suspicious big, black something crossing the road just to the north of my house. I decided to investigate, of course. That was almost a mistake. You're always told never to cross water, possibly deep water, in a flood.

We had a lake building to the west of the road which was over flowing onto the road to the point of wiping it out. Rapid snow melt from earlier in the day when it was warmer. What was amazing, though, were the white caps in the lake. White curl topped wakes. Wind. And the wind was pushing the water across the road.

When I finally got home, I had to bring in a 40-pound bag of pellets (for the stove) and was glad for the extra weight. With my weight plus 40 pounds of pellets I still got pushed around just trying to get to the house. Then Monday when I let the dogs out around 7:30, everything was nice & calm. What a beautiful day, I thought. In less than an hour, the wind got so strong that I couldn't open the door to the mini mart across the street from the shop.

And then Tuesday, the dogs escaped when I opened the garage door and I had to drive out to the road to scream at them - they couldn't hear me in the wind. Or at least they pretended they couldn't hear me. Becca gave me one of those you're-talking-to-me looks when I screamed at her to get home.

I could go on but it won't make the wind quit. It's Friday and you're still not supposed to drive to Casper because of the wind. I saw a caravan Wednesday heading north, complete with cars with flashing lights, escorting one of those huge modular prefab homes. In this wind, that falls under the "not the smartest decision you've ever made" category.

I'd like to blame NASA, but they just go to the moon. They're not responsible for the wind. Now, calm down, I know NASA does more than go to the moon. Actually they haven't been there for a while. They go to the space station. And they haven't been there for a while either. Actually, I'm not sure just what they do any more. I'm going to have to check out their web site. I'll keep you posted.

Anyway, I didn't really want to talk about the wind this week. I could talk about the guy who did the right thing and pulled off the road to talk on his cell phone. Right at the top of the hill. Seriously? We had a saying in our family for people like that - you can buy 'em

books & buy 'em books.....

At least he pulled off the road, I'll give him that. Not like this chic, maybe a guy, don't know, who is playing this dragon game who was texting the other players, apologizing for not being able to type very well 'cause she was driving. Not texting with known friends or family members. She was saying inane things to strangers on a game site.

Which I'm sure makes you ask, so what were you doing on a game site? Actually, I'm proud to report I'm an overlord now, not just a vassal. And I have no idea how that happened. Which is really what I wanted to talk about, but You'll have to stay tuned until next week.

DOWNTON ABBEY RETREAT! MARCH 21-23 NAGEL WARREN MANSION

We are set for Friday March 21 through Sunday March 23. You will be able to check in mid afternoon on Friday and we will plan to leave Sunday mid afternoon. We have 8 king bed rooms reserved. Cost is based upon double occupancy. If you prefer a single room, you will need to let me know very quickly so I can look into booking a different room. Reservations will be made through me and you can secure your spot with a down payment of half the cost. The rest will be due by March 15.

If you need to cancel, I will need to know 30 days in advance. But if something comes up, please talk to me because we might be able to work something out.

We will be sewing in the conference rooms in the basement. There are 3 rooms that can accommodate about 16 sewers. We will be cozy, but I think it will work. I will set up separate tables for cutting and will plan on having 2 irons/boards. If you just want to come to sew, and go home at night to your own bed, I might be able to accommodate that. However, I don't want to get more than 16 sewers. If you are interested in this option, let me know and I'll see what I can work out.

At the retreat, you may sew on any project that you like -- it does not have to be a Downton Abbey Quilt. For those of you sewing your Downton Abbey quilts, though, I will provide

instruction for the horizontal quilt (quilt blocks are the ones already on line) plus you will get a set of patterns for the second quilt (the on point quilt with the green alternate blocks).

During the retreat, we will play some games, win some door prizes, watch some episodes of Downton Abbey, take High Tea on Saturday, and sew our socks off!

Included in the cost:

2 nights (2 per room) at the Nagel Warren Mansion (such a treat!)

Sat & Sun breakfast

High tea on Saturday

Set of patterns for second quilt

Door prizes

Lots of Fun !!!

Lunch and dinners are on our own. There are plenty of fun restaurants downtown. You can also check out what is playing at the Lincoln Center and go to a movie.

Cost per person = \$175. A \$90 deposit will secure your room.

Blocks for the first quilt are posted on line at www.aroundtheblockquilts.com Three blocks are currently posted. I will get 3 more out as soon as I can.

You can find the blocks under the "What's New" tab. Fabric requirements for the quilt are also given. These blocks will stay posted for a limited time and we'll have them in the store. Price to buy in store is \$1 for one page or \$2 for 2 pages -- to help me cover the costs of the ink.
