November 6, 2017

No one deliberately chooses to get new flooring in the house. No one in their right mind, at least. Barring another hail storm or other natural disaster I will never have to get new carpet/flooring ever again in my lifetime. And I plan to live for a long time.

And whenever you do a project like this you only move things once, not multiple times. Keep that in mind as you read.

Day 1 (Friday): Carpet company calls. Carpet is here! Installation in 8 days. I took this information literally-meaning the carpet is here, not the vinyl.

Day 2 & 3 (weekend): I move everything off the carpet into the quilt room-and other places.

Day 4 (Monday): I get worried & call carpet company. Yes, both carpet & vinyl are here. What's installed first? The vinyl, of course. Not sure when carpet can be installed. Maybe next Monday? Maybe Saturday? I insisted on a date certain. I'm a sole proprietor; I need a more definite schedule. I start planning when & how I can move everything back into the living room.

Day 4 & 5: Choir rehearsals until 9 p.m. Limited time for moving stuff back out of the quilt room & into living room.

Day 6 (Wednesday): Day: Go to Longmont to learn how to set up Nolting quilting machines. Carpet company calls & says both carpet & vinyl can go in same day. Wonderful. I'm a happy camper. Evening. Continued to move stuff back out of quilt room. Running out of room.

Day 7: Morning: Fabric rep comes to shop. Internet goes out--meaning no

credit card machine. Afternoon: Friend comes to house to unhook tv in afternoon & move it from living room to the crowded dining room.

Evening: Thankful Thursday event for Youth Alternatives. Get home by 10. Continue to move stuff out of quilt room. Seriously running out of room.

Day 8: Morning: Carpet guys get here. Guess what? Carpet company did not acclimatized the vinyl (think, warm it up) and if cold vinyl gets installed it will buckle and have to be replaced. So the vinyl can't be installed. Instead....carpet gets installed and everything I'd moved onto the carpet from the quilt room has to be moved back to the quilt room. And, you guessed it, when the vinyl gets laid, everything will have to be moved back again onto the carpet. And, no, I don't have a spare room that can house the contents of 2 rooms.

Day 8: Same day still morning: Phone call to carpet company expressing my displeasure at their failure to warm up the vinyl. And when, exactly, will the flooring guys be back to do the vinyl?

Day 8: Same day still morning: Carpet company calls back & assures me the flooring guys can be there on Monday.

Day 8: Same day later in the morning after carpet is installed, vinyl gets moved in front of pellet stove to warm it up and I turn up the heat in the house. Nothing else is moved into the living room because, of course, I have all weekend to remove everything.

Day 8: Same day, afternoon. At shop. Credit card machine still not working. Lots of customers in store when I get there. Finally fix internet & cc machine.

Day 8: Same day, evening: Pellet stove refuses to work.

Day 8: Same day late at night: I'm now worried that the quilt room where the vinyl is going will never be warm enough to handle the vinyl. It doesn't have a separate heat source. Maybe I've been sold the wrong product.

Day 9: Morning: Call the carpet company. The guy I need to talk to will call me back.

Day 9: Later in the morning. Call the carpet company and leave a message.

Day 9: Later in the morning. Receptionist calls me back & assures me the vinyl will be fine. Did you miss that? The receptionist calls. She may be well qualified, but I just don't get that warm fuzzy feeling, especially since the company screwed up acclimatizing the vinyl in the first place.

Day 9: Noonish: dress rehearsal. Evening: Friend came over & hooked up

the tv. I started moving things out of the quilt room into the living room.

Day 10: Choir concert. In between concert and shop, I continued moving things out of quilt room. I now have limited pathways to walk in the house.

Day 11: Vinyl guys show up. They reassure me the vinyl will be fine-I think they got a lecture about not scaring the customer. We move the rest of the furniture out of the quilt room into the living room. I now officially feel like a hoarder, but they did leave me a window so I can watch tv.

Day 15: Vinyl has not buckled. Pellet stove still doesn't work. Some of the pathways are cleared. I might actually be able to use the stove tonight. Not the pellet stove. The cooking stove.

And for any of you who may have caught me on a stressful day (pick any of the above days) I apologize for any untoward behavior. I think I have my life back under control. I hope.....

Nolting Longarm Machines

Nolting has 5 main machines, each with different reaches: from 17" to 30" depending on the machine. They are sold with or without a frame, but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in

17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with programmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needleup/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

WHAT'S NEW!!

We got P & B whites/neutrals in (pictures won't really show up).

We also got in some beautiful Northcott panels and rustic (trees, mountains, rocks) coordinates. And some beautiful Art Gallery prints. Next week I will put in pics of the new fabrics. We also got in the In the Beginning fabrics and patterns for the Floral Menagerie quilt. We will kit this quilt as a block of the month. Stay tuned.

The first class will discuss color selection, cutting and organization. The remaining classes will focus on sewing and completion. Block of the Month First Sat of month 10:30-11:15 FREE Barb Boyer
Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year we're making a basket quilt. Each block will be a different basket. The challenge, if you choose to accept it, is to use plaids!

Cowgirl Star Fri Oct 27, 1-6 \$20 Sue Frerich

Lasso up your 10" precut squares to make this cute, easy, and fast quilt. You do a little sewing, you do a little slashing, and you wind up with a quickly pieced star. Fun! Pattern will be given in class.

English Paper Piecing 4th (or last) Mondays 2-4 Barb Boyer \$20 (But not in September, sorry)

English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including Grandmother's Flower Garden-this is the pattern I am doing this year. Several patterns will be available, including traditional Flower Garden and the Downton Abbey free pattern.

Fat Quarter Fun Sat. Nov. 11 OR Mon Nov 13 1-6; \$20

Barb Boyer & Sue Frerich

Every other month we will make a quilt using fat quarters (plus additional fabrics for borders). November's quilt is a wonky 9-patch-which will be on display soon.

Friday Nighters, last Friday of the month 5:30-? \$10 Barb Boyer

This class will help you get organized for Christmas 2015 -- or just help you get things done. You give me a list of your "to dos" or unfinished projects you want to finish and then each month I check off what you've completed. Trust me. If you need incentive to stay on track, this is it. You can bring your sewing machine or do hand work.

Gypsy Wife First Sat of month, 1-4, Oct through at least December \$25 Sue Frerich

This is a quilt mad from strips, blocks, more strips & more blocks. It's not a sampler quilt, but it contains many different blocks in different sizes. It's not a strip quilt, because it contains blocks. But it is a stunning quilt, one where you can use your scraps and go crazy or stay a little more coordinated by using a collection. The best description is a picture.

Hand Applique/Back Basting

Wed. Sept 27, 10-noon Sandra Freeburg \$25

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no need for pins to get in the way. This class is great for beginners and all levels of appliquers. Don't let hand applique frustrate you. It's really easy and relaxing!

Hand Embroidery Club 2nd Sat. of the month, 10-noon FREE (but see below) Kathy Sconce

(Club normally meets the 2nd Sat. of each month from 10-noon) We are finishing up our barn project that we started last fall. In January we are planning a new adventure, staring wool! Come to class, see what we're

planning, and don't forget to bring a project to stitch on.

Hand Quilting Wed. Sept. 20, 10-noon \$25 Sandra Freeburg

Hand quilting is an art that should not be lost. By the end of Sandra's class you will be hand quilting with confidence. Everyone has at least one special quilt that calls out for hand quilting. And there is nothing better than the feel of a hand quilted quilt. Do yourself a favor and learn this art that connects us to our past -- our mothers, grandmothers and great grandmothers.

Hoffman Wildlife Quilt using Hoffman's Call of the Wild panel and a Mountain Peaks Creation pattern. **Wed Nov. 1**, 10:30-4 \$20 Barb Boyer

The class will focus on how to fussy cut the panel to turn your quilt into a "looking through the window" styled quilt. You need 2 yards of the Call of the Wild panel-don't wait too long. This fabric sells out quickly! \$20

Knit Pickers' Club 2nd Wed of each month, 6-8:30 Carol Moler

Every second Thursday, we're getting together to practice our knitting. The Club is open to all skill levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We're currently working on some felting projects, but we're planning on heading into fingerless mittens, mittens, and socks.

Monthly Minis First Saturday of the Month, Feb-Dec. 4-6 \$10 for the year (plus patterns or kits)

This year we are doing Holiday House, pre laser cut. Each kit will be app. \$40. These blocks can be made into a quilt, or kept separate as individual wall hangings.

One Block Wonder Panel Quilt Sat Sept 23, 30 & Oct. 28 see calendar for times

\$25 Sue Frerich

You don't want to miss this class. The technique is called One Block Wonder and you need 7 panels for the quilt. Sue used a beautiful eagle print (keep your fingers crossed, we may be able to get 1 bolt). But we have lots of interesting panels that would make a fantastic One Block Wonder Panel Quilt. (I'm looking at the Star Wars panels....). The technique used is similar to a Stack & Whack quilt, but the difference is in how it is sewn together. This is truly a stunning quilt. You don't want to miss this class!

Pillow Case Party Sun. Nov 26 1-4 FREE

If you've never made a pillow case, or just want some time to sew a pillow case, this class is for you. This is a great mother/daughter styled class and pillow cases make great presents!

Santa Christmas Panel Mon Nov 6 1-4 \$20 Barb Boyer This panel has 3 parts: splitting the panel into a mock attic window setting; making stars with a new ruler from Creative Grid; and learning how to light it up & make it sparkle!

Spoon Quilting Wed. Oct 11, 10-noon \$25 Sandra Freeburg

No more sore fingers! Learn to Spoon Quilt, with a special spoon quilting tool. This tool helps you keep your stitches tiny and even without pricking your finger. Need to have basic quilting skills (rocking motion quilting).

Trip Around the World Sept 13, 27, & Oct 4 \$25 Barb Boyer

This is a Trip Around the World-on Point! The quilt measures app. 95" X 95" and is panel sewn using 8 different fabrics. Pattern is given out in class only. You don't have to choose your fabrics before class-the first class is all about color!
