

February 8, 2019

You know it's windy when you get white caps in your mud puddles. It was relatively calm and in an instant it was 60 mph+. I saw a biker on the corner of Yellowstone & Iron Mountain talking into his phone. I bet he was getting a ride. I saw another biker on the frontage road and I was amazed he was still upright.

But that's not what I want to talk about. Nor the Super Bowl. Like I said I was routing for the Chiefs. It would have been a better game. No, we need to talk about everything else that happened during the game. Which means the commercials. I'm here to act as your official interpreter.

We'll deal with the weird stuff first.

There was Olay horror commercial about scary skin, meant to entice you to use Olay. There was an ad for Turkish Airlines that made no sense, unless you watched the 6 minute version. Yes, it's a mini mini mini film by Ridley Scot (director of Alien). I didn't watch the 6 minute version because it also had no more story to it than the 30 sec commercial did. (I read about it, in case you're wondering.)

The avocados from Mexico ad, which was set as a dog show, was just strange. There was the Andy Warhol (did you recognize him?) commercial for Burger King. I gotta admit, I like Warhol a lot better than the dressed up plastic "King," who is a bit scary. But....I wasn't impressed by the ad. "Eat like Andy." That's a catchy catch phrase if I've ever heard one. If you're interested, the bit is from a 1982 movie called "66 Scenes from America," where a Danish filmmaker filmed Warhol eating a Burger King hamburger with Heinz ketchup. Burger King just recycled the bit for their ad.

I won't interpret any of the robot ads, food ads, phone ads, and movie and tv ads. Mainly because rappers & singers and others participated in the ads and I knew very few of them. Makes you wonder about the demographics of the

people who watch the Super Bowl. Just so you know, they were selling stuff. And I don't remember, or care, what the products were, and in any event, sometimes it was hard to figure out what they were hawking. So that was money well worth spent.

I was not impressed with the Bud commercial with the Dalmatian riding on a beer wagon with its ears and lips flapping in the wind (like he's in one of those wind generated tunnels, instead of on a wagon driven by 15 mph trotting Clydesdales), while Bob Dylan sang, "Blowin' in the Wind." Great, it promotes wind energy. But not believable. Although, I'm not sure being believable is a key factor for an ad these days.

My favorite commercial, the only one that I laughed at, was the Alexa ad with Harrison Ford & his dog. When his dog barked, Alexa ordered more dog food-the gist of the ad was about putting Alexa (the remote device that can be used to buy stuff, look up stuff, and set reminders for stuff just by speaking to it) into various products. For example, it doesn't work well in a toothbrush, because when you put the toothbrush in your mouth, Alexa's voice gets muffled (explanation for those of you who didn't get that part). Anyway, Ford chases his dog around trying to get him to shut up, unsuccessfully as it turns out, because at the end of the commercial, a truck pulls up and a guy unloads a pallet of dog food. Ford looks at his dog, dog looks at Ford, and Ford says in that deadpan voice of his, "I'm not talking to you."

I liked the Budweiser commercial that doubled as an ad for the final season of Game of Thrones. That was unexpected. I also liked the Michelob Ultra ad with an actress I didn't recognize (Zoe Kravitz, I looked it up) speaking softly into microphones to her left, right & front. I knew my speakers were still working correctly because when she whispered into the left speaker, the sound came from the left. That was pretty cool.

I also like the Hyundai elevator commercial, with Jason Bateman as an elevator operator letting people off on various floors. That part was funny. But it spent more time on the funny part and very little on advertising whatever car it was promoting. But I guess I remembered it. Well, actually, I wrote down the name of the car that went with the ad so I wouldn't forget.

We could talk about the half time show. I snoozed briefly and when I woke up meteors were hitting the stadium. I knew none of that was real, but it was still a bit bizarre. And then some guy wearing a fur coat got out of an antique car and started rapping in a language that was passable as English but not understandable nor altogether suitable for tv. Actually, that could have been a second rapper/singer. They were easy to get mixed up.

And at some point the rapper band sported athletic jackets that had the word Alien written on them. And a drumline popped up and I got excited, but the drummers went away and a blue robed choir showed up for some reason. And the lead singer for the main band, Maroon 5, took off at least 4 layers of clothes until he only had his tattooed skin on display. I would have liked it if he had taken that off as well. And just so you know, none of these guys get paid for performing. They do it for the publicity.

And then there were fireworks. That I understood.

**Northcott Stonehenge should be here next week!**

**When it gets here, I will send a special email. If you are interested in the panels, please let me know. The panels will be \$13.50/panel.**

## Two Upcoming Contests!

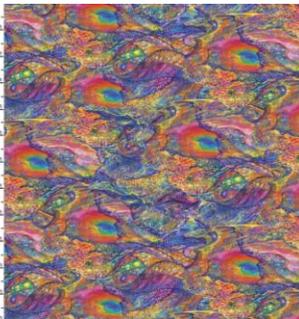

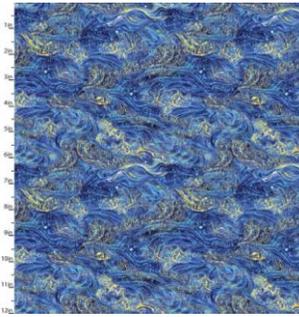

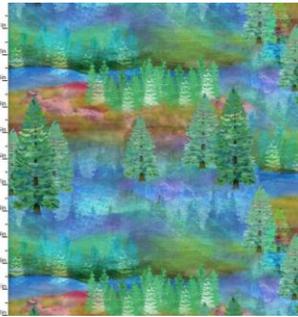

FIRST: Springtime in the Rockies, our annual April shop hop event, is sponsoring another challenge with prizes attached. This year's theme is Camping! Roasting marshmallows, boating on the lake, catching fish, pitching a tent, sleeping under the stars. Design your own project or use a commercial pattern. Wall hangings, totes or other interpretations of a camping theme no larger than 60" X 60" will be accepted and must be turned in by April 8. Projects will hang at the Springtime in the Rockies Shop Hop at the Ranch, April 19 & 20. Gift Basket Prizes awarded: \$75 1<sup>st</sup>; \$50 2<sup>nd</sup>; \$25 3<sup>rd</sup>.

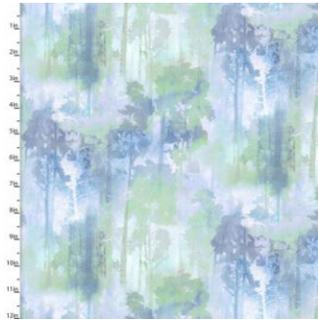

A few rules: Projects must be made by entrant and made within the last 12 months.

SECOND: Northcott fabrics is holding a quilt challenge to celebrate 10 years of their fabric line, Stonehenge. This challenge runs from March 15-Sept 30. Participating stores will design and kit a block. Your challenge is to use at least 12 blocks & make a quilt, no size limit on the final quilt. The Grand Prize winner will get a 9-day trip for two to England to visit Stonehenge. Separately, there is a second contest involving the Stonehenge panel that is local to each participating store. Deadline for making a quilt with the panel is November 30. Each store will choose a winning quilt, and submit the winner to Northcott. Northcott will then choose 10 winners and will award each winner \$100. When the fabric gets here, I will send out an email. Heads up: the panel will be popular, mainly because of our upcoming One Block Wonder Panel class. I am not preselling this fabric, but if you are interested, please let me know, make sure I write down how many panels you want. I can reorder this fabric. See me for more details.

## Spring Classes

This class will give you the basics of cutting & sewing the Attic Widow block. We will practice the mitered corners on scrap fabrics first, before you start on your own quilt. You can take a panel & make it into a window pane quilt; you can do an I Spy quilt with attic window treatment on all four sides, or just put a mitered border on a quilt. Your choice.

### **Beginning Machine Quilting Thurs April 4, 1-4 OR 6-9 \$25 Sue Frerich**

Be prepared to quilt! You will practice your quilting skills on various samples, using both your walking foot and darning foot. Batting, threads, needles and patterns will be discussed. Who knows? By the time you leave you may even be able to write/quilt your name!

### **Beginning Paper Piecing, Thur April 25, 1-4 or 6-9 Sue Frerich \$20**

Learn the basic of paper/foundation piecing. This is a technique class where you will learn how to cut, sew & trim - all the essential steps for successful paper piecing. If you are not sure about stepping into a big paper piecing project and just want to learn the basics, this is the class for you.

### **Beginning Quilting Thurs. starting Sun Jan 27 1-4 OR Thur Jan 31 6-9 8 weeks \$65 Barb Boyer**

This comprehensive 8-week course will introduce to you almost everything you need to know about piecing a quilt top. Along the way you will learn about color, batting, thread, machines and various techniques to give you the skills to make almost any quilt.

### **Binding May 3, 1-4 Barb Boyer \$20**

This is an extended binding class. You will learn how to cut bias & cross grain bindings, how to sew it on including mitering the corners and joining the ends, & how to hand stitch the final side. Then in class, you

will attach a binding to your own quilt. You will need to have a small project quilted & ready for binding.

**Block of the Month** First Sat of month 10:30-11:15 FREE Barb Boyer Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year we're making a black & Y white + one color quilt. The challenge, if you choose to accept it, is work within the black & white palette (plus one color placed where ever you like). For the color choice, we are drawing paint chip cards, covered in newspaper so you can't see what color you're getting. But...if you don't like the color you've drawn you can 1) swap with a neighbor, or 2) draw a new color. And if you just can't bring yourself to work in neon green and no one will swap with you, you can just choose your own color.

**Cat's Play** Sat April 6 & 27, 10:30-1:30 Sue Frerich \$20

This is a small wall hanging, designed to teach a particular machine applique technique. In the first class you will learn how to make the block. It's easy and you will get a lot done in class. By the second class, you should have your quilt finished and the class will concentrate on the applique technique. This is a turned edge method for machine applique, which results in a finished, not a raw edge, applique.

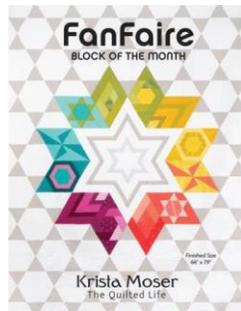

**Fancy Forest**, an Elizabeth Hartman quilt Sun April 14 & 28, 1-4 Sue Frerich \$25

This is a delightful sampler quilt featuring animal blocks: Fancy Fox, Hazel Hedgehog, Bunny, Thistle, Francis Firefly and Allie Owl. This fat quarter friendly project is sewn with simple straight and diagonal seams with no templates or paper piecing. Just so you know, the fabrics line from In the Beginning choice for some of the animals. You quilt in baby, wall hanging or bed

Diaphanous would be a great can make the size.

**FanFaire** Sat

May 18, June 15, July 20 10:30-5 Jean Korber \$25

This quilt is a Krista Moser quilt, no template piecing. FanFaire, is a 4-month block of the month. Each block is made twice totaling twelve blocks. Every block teaches you a new way to use the Creative Grids 60 Degree Diamond Ruler, designed by Krista Moser. Cut a combination of

diamonds, triangles, hexagons, parallelograms and trapezoids to create this fun quilt, and all with one ruler! This quilt goes together fast and is oh so striking!

### **Grandmother's Flower Garden, English**

**Paper Piecing** last Monday of each month, 2-4 Barb Boyer \$20 (one time fee)

We will teach the basics of English Paper Piecing, the simple & easy way to hand piece. English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including Grandmother's Flower Garden-this is the pattern we're doing this year. We will also show how to hand piece the traditional way, also, if you are interested.

**Half Log Cabin Quilt** Wed Feb 6 & Wed Feb 20  
10:30-4 Barb Boyer \$20

We are focusing this year are various ways to make log cabin quilts. This first quilt is a half log cabin, logs on two sides, not all four. And it features a scene for the "square" in the middle. We have kits of the quilt hanging in the classroom, which is a perfect summer time camping quilt.

**Hand Applique/Back Basting** TBA Sandra Freeburg  
Feb 13, 10-noon \$25 or call for other dates

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no need for pins to get in the way. This class is great for beginners and all levels of appliquers. Don't let hand applique frustrate you. It's really easy and relaxing!

**Hand Embroidery Club** 2nd Sat. of the month, 10-noon FREE KathySconce

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. This year we are following a purchased pattern called Gardner's Alphabet Quilt Block of the Month by Crabapple Hill. We will explore a variety of embroidery stitches for each block each

block (2 letters per month), plus we will learn how to color with regular crayons to enhance the blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques.

**Hand Quilting** Jan. 16, 10-noon Sandra Freeburg \$25 Watch the calendar or call for other dates

Hand quilting is an art that should not be lost. By the end of Sandra's class you will be hand quilting with confidence. Everyone has at least one special quilt that calls out for hand quilting. And there is nothing better than the feel of a hand quilted quilt. Do yourself a favor and learn this art that connects us to our past -- our mothers, grandmothers and great grandmothers.

**Knit Pickers' Club** 2nd and 4th Wed of each month, 3-7 Carol Moler  
We are changing up the Knit Pickers' Club. We're going to knit 2 days a month every second and fourth Wednesday, and we'll start earlier in the day at 3. For those you you who work, we'll still be knitting 'till 7. The Club is open to all skill levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We work on some felting projects, fingerless mittens, mittens, and socks. And we are working on a group project-meaning everyone does the same pattern. Each month we will learn a different pattern, make it into a square and eventually put all the squares into one project-afghan, scarf, bag, etc.

**Live Each Season Wool Applique** Thurs: Jan 10, Feb 7, Mar 7, April 11, May 9 (& rest of year) 1-4 Barb Boyer \$20

This wool wall hanging has 4 rows: Spring, Summer, Fall & Winter. We will start with the Winter Row in January. We will take 2 months per row, and we'll take July & August off. You will learn wool applique, various embroider stitches, and how to add fun embellishments to your wall hanging.

**Log Cabin Cabins or Cabins in your Log Cabin Quilt**, Sat Feb 23 & Mar 23, 10:30-5 Barb Boyer \$20  
This is the second log cabin quilt we will make this year. This quilt, from Judy Martin's Log Cabin Quilt Book puts cabins into the corners of the log cabin blocks for a very striking & different log cabin quilt.

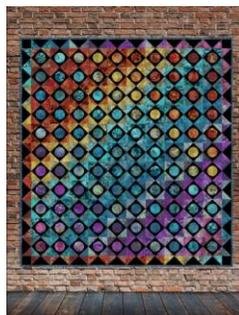

**Long Arm Quilting Classes** Wednesdays from 10:30-1:30, 2:30-5:30

or 6-8:30 Barb Boyer \$30 (check calendar for specific times & dates)  
 In this class you will learn all about the Nolting long arm quilting machines: loading, threading, quilting. I'll demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quilting-it's just a start.

**Machine Applied Binding** Mon April 8, 1-4 \$20 Jean Korber  
 Jean will teach 2 different machine applied bindings. One style uses cording to help keep the binding straight & true. The other uses a flange, for a two-toned binding. Putting binding on by machine cuts your time more than in half-and by using cording, you can have a perfectly applied binding with no messy "oops" where your stitching just didn't quite catch the binding on the back side. And, you will have time to cut and attach one of these bindings on your own quilt, so bring a small quilt that is ready for binding to class, so you will get some hands on practice.

**Monthly Minis** First Saturday of the Month, 4-6  
 This year we are going to do several different wall hangings. These will be kitted with all of the necessary fabrics and patterns. We will work on the same wall hanging for 2-3 months. You can choose to do one or all of them (I think I have 4 scheduled). In class we will learn various machine applique techniques to use on the blocks and some of the kits come with embellishments, so we will discuss how to add the embellishments to the quilts. First quilt: Change of plans: first quilt are hummingbirds. Second quilt will be Snowmen! (we will do the snowmen in **April**)

**Garden** Sat. April 27, 2-6, then a weekend at the shop, May 25-26, Boyer \$30.

No more sore fingers! Learn to Spoon Quilt, with a special spoon quilting tool. This tool helps you keep your stitches tiny and even without pricking your finger. Need to have basic quilting skills (rocking motion quilting).

## Nolting Longarm Machines

Nolting has 5 main machines, each with different reaches: from 17" to 30" depending on the machine. They are sold with or without a frame, but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in 17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable

handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with programmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needleup/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.
