

Around the Block  
QUILT SHOP

May 3, 2019

And this is why the Miss America & other pageants are beauty contests and not talent awards shows or scholarship programs (nod to Miss Congeniality): A former Miss Universe, who turned to modeling after capturing the crown in 2014, was downgraded from the catwalk exclusivity classification to a "plus sized" model after she gained 2.2 pounds. Wow.

In other news, a man was injured after he fell into a volcano. Actually, he climbed over the permanent railing intended to prevent people from falling into the caldera of Kilauea on Hawaii, the big island. He wanted to get closer, he said three hours later, after being rescued by park rangers. Yellowstone park officials were going to extend an invitation to him to come meet the bison in the park, but the man is an active army soldier in training in Hawaii and he couldn't get away. I made up this last part, about the invitation to Yellowstone.

And speaking of injury causing animals, a gator showed up outside the door of a hair salon in Orlando this week. And, of course, tourists rushed to take pictures. The salon owner learned about the gator when a panicked woman called her on the phone, saying "There's an alligator out your door!" So naturally everyone went to the window to look, which encouraged the gator to move toward the door which encouraged the salon owner to lock the door. The owner later said she was a little scared. "I've never even had a dog; I'm not an animal person."

"Wait a minute," Becca said. She just woke up from a nap at the store and had asked me to read to her this week's story. Becca, if you don't know, is my mini Australian Shepherd and she's been visiting this week while she recuperates from surgery. She made herself at home in the store by tipping over a box of my scrap fabric, arranging it on the floor for a bed, and settling in.

"What do you mean, Becca?" I asked, even though I know better than to ask her questions.

"There's a big difference between having a dog as a pet versus an alligator. Who owns things with that many teeth?" She smiled, showing all of her teeth.

"Give her a break, Becca," I said. "Not everyone is meant to be saddled with, I mean to have to entertain..." Becca growled... "I mean to live with animals. You've got to admit, you do take a little bit of work."

"Me? Not me...." She started toward the front door. "Becca, get back here. Becca! Listen to me....!"

Wait one minute while I go retrieve my dog & we'll get back to the story.....

So, this isn't the only gator story in Florida, either. There's a video of a gator standing on its tail, as though to ring the front door bell. If he were just a little taller, he could have unlatched the front door and sauntered on in. Instead, he chose to become a door mat for a while. These are all good reasons not to move to Florida.

In other animal news, dire wolves are, or were, real, according to National Geographic. For those of you Game of Thrones fans, the big bad wolf in the show are dire wolves. Real dire wolves were 2.5 feet high, 6 feet long and weighed 150 pounds or so. Twice as big as a German Shepherd. They lived 300,000 years ago and died out 12,000 years ago. They ate mastodons for dinner.

"Wait," Becca said. "What's a mastodon?"

"Haven't you watched Ice Age?"

"Those were woolly mammoths, not mastodons."

"If you're so smart, then you tell me what the difference is, then."

"Mastodons were smaller."

"And?????" I asked, but Becca was ignoring me. She was curling up in the fabric, ready for nap #2. It's Becca's way of saying, you'll have to look up the difference for yourself.

So finally, in other news, Cosco is advertising the 8 best accessories you can buy for your car. The first one is....wait for it....tires. I woke up Becca when I fell off my chair laughing. She growled at me. Somehow I can't quite comprehend why a tire is an accessory, unless you own a Flintstone car and you're tired of buying new shoes. But I was curious what the next accessory might be: steering wheel? No, a bike rack. Okay, that qualifies.

Remember tomorrow is Derby Day. Everyone wear their hats to Block of the Month, so I'm not the only one. And my pick for the race? I'm going with name recognition: Omaha Beach.

## STONEHENGE CONTEST!

Northcott fabrics is holding a quilt challenge to celebrate 10 years of their fabric line, Stonehenge. This challenge runs from March 15-Sept 30.

**Our block is done!**

The block is 12" finished and the kit is \$5.

Participating stores will design and kit a block. Your challenge is to use at least 12 blocks & make a quilt, no size limit on the final quilt. The Grand Prize winner will get a 9-day trip for two to England to visit Stonehenge. Separately, there is a second contest involving the Stonehenge panel that is local to each participating store. Deadline for making a quilt with the panel is November 30. Each store will choose a winning quilt, and submit the winner to Northcott. Northcott will then choose 10 winners and will award each winner \$100. See me for more details.

## Spring Classes

**Block of the Month** First Sat of month 10:30-11:15 FREE Barb Boyer  
Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year we're making a black & white + one color quilt. The challenge, if you choose to accept it, is work within the black & white palette (plus one color placed where ever you like). For the color choice, we are drawing paint chip cards, covered in newspaper so you can't see what color you're getting. But...if you don't like the color you've drawn you can 1) swap with a neighbor, or 2) draw a new color. And if you just can't bring yourself to work in neon green and no one will swap with you, you can just choose your own color.

**FanFaire** Sat May 18, June 15, July 20 10:30-5 Jean Korber \$25

This quilt is a Krista Moser quilt, no template piecing. FanFaire, is a 4-month block of the month. Each block is made twice totaling twelve blocks. Every block teaches you a new way to use the Creative Grids 60 Degree Diamond Ruler, designed by Krista Moser. Cut a combination of diamonds, triangles, hexagons, parallelograms and trapezoids to create this fun quilt, and all with one ruler! This quilt goes together fast and is oh so striking!

### **Grandmother's Flower Garden, English**

**Paper Piecing** last Monday of each month, 2-4 Barb Boyer \$20 (one time fee)

We will teach the basics of English Paper Piecing, the simple & easy way to hand piece. English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including Grandmother's Flower Garden-this is the pattern we're doing this year. We will also show how to hand piece the traditional way, also, if you are interested.

**Hand Applique/Back Basting** TBA Sandra Freeburg  
Feb 13, 10-noon \$25 or call for other dates

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no

need for pins to get in the way. This class is great for beginners and all levels of applique. Don't let hand applique frustrate you. It's really easy and relaxing!

**Hand Embroidery Club** 2nd Sat. of the month, 10-noon FREE Kathy Sconce

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. This year we are following a purchased pattern called Gardner's Alphabet Quilt Block of the Month by Crabapple Hill. We will explore a variety of embroidery stitches for each block each block (2 letters per month), plus we will learn how to color with regular crayons to enhance the blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques.

**Hand Quilting** Jan. 16, 10-noon Sandra Freeburg \$25 Watch the calendar or call for other dates

Hand quilting is an art that should not be lost. By the end of Sandra's class you will be hand quilting with confidence. Everyone has at least one special quilt that calls out for hand quilting. And there is nothing better than the feel of a hand quilted quilt. Do yourself a favor and learn this art that connects us to our past -- our mothers, grandmothers and great grandmothers.

**Knit Pickers' Club** 2nd and 4th Wed of each month, 3-7 Carol Moler  
We are changing up the Knit Pickers' Club. We're going to knit 2 days a month every second and fourth Wednesday, and we'll start earlier in the day at 3. For those you you who work, we'll still be knitting 'till 7. The Club is open to all skill levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We work on some felting projects, fingerless mittens, mittens, and socks. And we are working on a group project-meaning everyone does the same pattern. Each month we will learn a different pattern, make it into a square and eventually put all the squares into one project-afghan, scarf, bag, etc.

**Live Each Season Wool Applique** Thurs: Jan 10, Feb 7, Mar 7, April 11, May 9 (& rest of year) 1-4 Barb Boyer \$20

This wool wall hanging has 4 rows: Spring, Summer, Fall & Winter. We will start with the Winter Row in January. We will take 2 months per row, and we'll take July & August off. You will learn wool applique, various embroider stitches, and how to add fun embellishments to your wall hanging.

**Long Arm Quilting Classes** Wednesdays from 10:30-1:30, 2:30-5:30 or 6-8:30 Barb Boyer \$30 (check calendar for specific times & dates)

In this class you will learn all about the Nolting long arm quilting machines: loading, threading, quilting. I'll demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quilting-it's just a start.

**Monthly Minis** First Saturday of the Month, 4-6

This year we are going to do several different wall hangings. These will be kitted with all of the necessary fabrics and patterns. We will work on the same wall hanging for 2-3 months. You can choose to do one or all of them (I think I have 4 scheduled). In class we will learn various machine applique techniques to use on the blocks and some of the kits come with embellishments, so we will discuss how to add the embellishments to the quilts. First quilt: Change of plans: first quilt are hummingbirds. Second quilt will be Snowmen! (we will do the snowmen in **April**)

**Mystic Garden** Sat. April 27, 2-6, then a quilt retreat weekend at the shop, May 25-26, 10:30-6. Barb Boyer \$30.

This quilt uses the In the Beginning Diaphanous fabrics (most of them). This is a color wash styled quilt, with appliqued circles. I will teach a different turned edge applique method, suitable for blind hem stitch. The tough part of the class is not the piecing or

the applique: it's keeping the fabrics in the right order. Thus, the retreat, so you don't have to take down your fabrics in between classes.

**Potluck II** Second Saturday of the Month, 1-5 Ginger Newman \$20

This is a free form, with some structure, class. It involves scraps, color, free form techniques, make it work anyway you want, and liberated thinking. I've never had so much fun and we want everyone to try this style and join the fun. This spring we are adding a twist: We are going to "collaborate" on a different block each month, selection chosen at random out of a hat. The challenge is make at least one block that you can 1) use into your quilt, 2) trade with a class member or 3) save it in your parts department for later. We will teach the blocks from Gwen Marston Collaborative Quilting book.

**Project Day:** Jan 24, Feb. 21, Mar 21, May 23 & 30, 1-5 Barb Boyer \$20/per class

On Project Day for Spring, we are doing needle cases. The first project is a little needle case in wool, with a cat (or other applique of your choice) (no picture of this case) appliqued on top. This project will be wool and embroidery threads -

kitted with the everything you need to make the needle case. The second needle case is from a pattern by Sue Spargo. This needle case will not be kitted, but we have plenty of wools for you to choose. This needle case is very colorful and we want you to choose your favorite colors for making the case. We will teach the stitches and we'll have in stock Sue Spargo's Creative Stitchery book. The last needlecase project is out of the Stitches from the Yuletide by Kathy Schmitz. This is a two session class: one session for the needlework and one to make the bag. We will add a session if needed. This needlecase will not be kitted either.

**Spoon Quilting** Wed. Mar 13, 10-noon. \$25 Sandra Freeburg

No more sore fingers! Learn to Spoon Quilt, with a special spoon quilting tool. This tool helps you keep your stitches tiny and even without pricking your finger. Need to have basic quilting skills (rocking motion quilting).

# Nolting Longarm Machines

Nolting has 5 main machines, each with different reaches: from 17" to 30" depending on the machine. They are sold with or without a frame, but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in 17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with progra

mmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needleup/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.
