February 7, 2020

I have had enough with the Super Bowl Half Time Shows. I say we boycott football forever until they get rid of those shows. They take too long to set up, perform and take down. You can never understand the words. Nothing relates to football. And they are often lewd, inappropriate for younger audiences, promotional only for the singers who are often looking at a boost to their sagging careers, and are a censor's nightmare. And it's not just this year. It's been going on for a while. So I say, the only way to get rid of the half time show is to boycott football! Hey Hey Ho Ho, football's gotta go! Unless you ban the half time show!

"Okay, okay, calm down already," Becca said, as she watched me yanking out poster board and marking pens to draw up a sign that I could carry around. "You're kidding, right," Becca asked. "You can't cancel football," she said, channeling Oliver Wood when he told Professor McGonagall that she couldn't cancel Quidditch. "Besides, that's a terrible chant."

"Well, something's gotta be done. I thought Jaylo was a safe bet. And then I watched her swing around on a bump and grind pole from a strip house, while Shakira shook every part of her body that doesn't normally move. And it just hurt my knees to watch Jaylo sliding across on the stage exposing her crotch toward the camera. I mean, really, no sane person can do that and besides, who really wants to see it?"

"You forget the target audience for the Super Bowl," Becca reminded me. "Isn't it supposed to be aimed at men, probably younger rather than older."

"Well, they got that part right, I guess," I said. "And I know I'm not the target audience by gender or age, but seriously, what were they singing? I appreciated the Spanish lyrics because then I knew I didn't have to understand it. And I felt guilty that I couldn't understand it. But I also had close captioning on and apparently Fox doesn't understand Spanish, either. But when the words came up in English, I couldn't even read fast enough to understand what they were saying. Plus, I got distracted. I didn't know whether to watch the bump & grind show or listen to meaningful lyrics."

"I doubt the lyrics were meaningful," Becca said. "Besides, the commercials had enough meaningful stuff to compensate."

"That's true. Michelob Ultra's Pure Gold is helping to transition 6 square feet of farmland to certified organic land, for every 6-pack purchased. That's pretty cool. There were some great car commercials for electric cars, KIA had a bit regarding youth homelessness. My favorite inspirational ad was from New York Life that explored 4 different words for "love," from parent to child and brother to sister (family), to between friends, to husband/wife (romantic) to love as being an action, not just a feeling - a son bathing his elderly father. That was a cool ad."

"What about the funny ads," Becca asked. "Were there any good dog commercials, like last year with Harrison Ford and his dog? What about the Clydesdales and the Dalmatians?"

"Nope, none of them made an appearance. Bill Murry was in an ad for Jeep, patterned after Groundhog Day. He loved driving the jeep so much that he rescued Phil (groundhog) every day and took him for a ride. It wasn't until the next day that I got the joke, though. I just thought it was a cute ad."

"What was the joke?" Becca asked. And I bet all of you know the answer: Super Bowl was played on Ground Hog Day. Duh.

I also liked the Avocados From Mexico ad, where they tried to sell the Molly Ringwald, the spokeswoman, at the end. I also liked the Doritos ad with Sam Elliot, but the scene stealers were both horses, especially the black stallion, nodding his head in time to the music.

The Hyundai ad spoken in Boston English was hilarious: the car has "smaht pahk" assist, allowing the cah to pahk itself.

The ad I found most offensive was the Olay ad, with the tag line, Is there enough space in space for women. The plug is that Olay will donate \$1 to the organization, Girls Who Code, for every mention of #MakeSpaceForWomen on twitter. An honorable cause. Advanced with the equivalent of a dumb blonde joke. The ad shows 3 women going to space, one of them in Astronaut Nicole Stott.

After getting into space, the two non astronaut women sitting in the pilot & copilot seats of the rocket, shaped suspiciously like a lipstick with the Olay label running up its side, declare there is so much space up here, in space. Stott, sitting in the back, dryly observes, "Well, I could have told

you that." And then one of the women up front spies a big red button, says, I wonder what this does and punches it. Out they go, evacuated into space, like the ending of a dumb blonde, or in this case brunette, joke.

Olay turned a slightly amusing commercial for a worthwhile cause, that encourages young women to pursue computer science careers, into a punch line for a bad joke. Because, of course, any woman who had the smarts to get to space, would naturally have no idea what the buttons in a space capsule did.

Maybe I shouldn't have been offended. Maybe it was just a way to bring attention to a worthy cause by making the commercial funny. To me, it just emphasized why women have been challenged going into science related fields - we just aren't smart enough.

"Okay, enough," said Becca. "Next you'll be grouching about the Peloton Bike ad, where the parent is grinding away on the bike, ignoring his young child who is trying to do his homework by himself in another room. Great parenting at work."

"Well..."

"Nope. They don't want to hear it. Neither do I."

"Well, I could talk about..."

"Nope, they don't to hear about that either. I know. I don't want to listen to it any more either." With that she curled up on the Star Wars dog bed in the front room and closed her eyes.

Well, all I'll say is that the game was fun to watch. Go Chiefs, until next year when they play the Broncos.

**It's time to think about Shop Hop!**

Our theme for this year's challenge is flashback to the 1960s. Beatles, peace signs, hippies, tie dye, long hair, rock & roll, being hip or being square. Make your own project around a 1960s theme, using a commercial pattern or one of your own creation. Wall hangings, totes or other interpretations of a 60s theme no larger than 60" X 60" will be accepted. Projects will hang at the Springtime in the Rockies Shop Hop at the Ranch, April 17 & 18. **Gift Basket Prizes awarded: \$250 1<sup>st</sup>; \$200 2<sup>nd</sup>; \$150 3<sup>rd</sup> as picked by Viewer's Choice.** To participate, fill out an entry form and submit it to a participating quilt store with your project by April 13.

I will have the forms available later--or just ask me to print you one. For now, it's time to start thinking of what project you want to do! The prizes are big this year!

\$10/30 minutes

We have an industrial size AccuCut cutter with several dies: strips, squares, triangles, rectangles. Sign up for time of the AccuCutter to change your stash into usable strips, squares, rectangles and triangles. We will rent to machine in ½ hour intervals (you can get a lot cut in ½ hour). Be sure to check which dies we have before you come in.

**Block of the Month** First Sat of month 10:30-11:15 FREE Barb Boyer

Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year the challenge is to use polka dot fabric in each block. The quilt will be whimsical, and will lend itself to bright colors, stripes, stars, and dots. To start you off we will give you a fat quarter that you must use in your blocks (at least in some of them). But...if you don't like the fat quarter or dots, you can choose any color scheme you like.

**Dresden Plate, English Paper Piecing** last Monday of each month, 2-4 Barb Boyer \$20 (one time fee)

We will teach the basics of English Paper Piecing, the simple & easy way to hand piece. English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including **Dresden Plate** **this is the pattern we're doing this year.**

**Hand Embroidery Club** 2<sup>nd</sup> Sat. of the month, 10-noon FREE Kathy Sconce

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. We are still doing the Gardner=s

Alphabet Quilt Block of the Month by Crabapple Hill. We will explore a variety of embroidery stitches for each block each block (2 letters per month), plus we will learn how to color with regular crayons to enhance the blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques. We are also looking at new patterns, for those you do not want to do the Alphabet quilt or who have finished those blocks.

**Knit Pickers' Club** 2<sup>nd</sup> and 4<sup>th</sup> Wed of each month, 3-7 Carol Moler

We are changing up the Knit Pickers= Club. We=re going to knit 2 days a month every second and fourth Wednesday, and we=ll start earlier in the day at 3. For those you you who work, we=ll still be knitting >till 7. The Club is open to all skill levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We work on some felting projects, fingerless mittens, mittens, and socks. And we're experimenting with group projectsBmeaning we will demonstrate a particular project (fingerless mitts, cables, stranded work, charts) and then everyone does the same pattern. Each month (or so) we will switch to a new project.

**Long Arm Quilting Classes** Wednesdays from 10:30-1:30, 2:30-5:30 Barb Boyer \$30  
(check calendar for specific times & dates)

In this class you will learn all about the Nolting long arm quilting machines: loading, threading, quilting. I=ll demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quiltingBit=s just a start.

## January classes

**Beginning Quilting 8 weeks** \$65 Barb Boyer Starting Sun Jan 19 or Thur Jan 16.

This comprehensive 8-week course will introduce to you almost everything you

need to know about piecing a quilt top. Along the way you will learn about color, batting, thread, machines and various techniques to give you the skills to make almost any quilt.

**Hand Quilting** Wed Jan 15, 10-noon Sandra Freeburg \$30

Hand quilting is an art that should not be lost. By the end of Sandra's class you will be hand quilting with confidence. Everyone has at least one special quilt that calls out for hand quilting. And there is nothing better than the feel of a hand quilted quilt. Do yourself a favor and learn this art that connects us to our past -- our mothers, grandmothers and great grandmothers.

## February Classes

**Bermuda Sunset Sat Feb 15, 10:30-5 10:30-5 \$25 Sue Frerich**

It may look like it's just squares and half square triangles -- and it is. But the true joy of this quilt is in its colors. Learn color placement from Sue to achieve a beautiful cascading sunset colored quilt! You can use subtle morning colors to turn your quilt into a Bermuda Sunrise, or working with deep yellows, oranges & reds for a sunset version.

**Circular Motion Sat Feb 22, 10:30-4 Sue Frerich \$25  
(The third of our "working with rulers" class)**

This quilt uses a 2 Peaks in 1 Triangle ruler, and it creates a triangle in a square block, which when placed with other blocks form a circular pattern. The ruler is very versatile, allowing you to create a number of different triangle blocks in a variety of sizes.

**Drunkard's Path Quilt Sat Feb 1, 1-6 \$25 Barb Boyer  
(The second of our "working with rulers" class)**

Drunkard's Path is a classic pattern, offering many design/setting choices. Back Porch Designs makes great, easy to use plastic templates that create easy to sew by machine curves. You can choose between the traditional set or a "rainbow" set that employs an additional curved piece.

**Hand Applique/Back Basting Wed Feb 19, 10-noon Sandra Freeburg \$30**

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no need for pins to get in the way. This class is great for beginners and all levels of applique. Don't let hand applique frustrate you. It's really easy and relaxing!

**Strip Stacks Sat. Feb 8, noon-6 \$25 Sue Frerich (The third of our precut quilt series)**

Use 2 ½" precut strips (or cut your own using our AccuCutter-must be done prior to class) and yardage for background to create a quilt, colorful quilt. This is an easy beginner quilt, but you do need to know how to use a rotary cutter and it will give you a lot of practice with your quarter inch seam. But it's not just for beginners-if you need to make a graduation quilt and want a day to get away and just sew, this is the perfect class for you.

**Summer Swag Quilt Sat. Feb 29 10:30-5 \$25 Jean Korber (Another of our "working with rulers" series + 2 ½" pre cut strips)**

This quilt is another Krista Moser quilt, no template piecing. If you did FanFaire, you can use the same ruler. And it uses precut 2 ½" strips! The pattern shows you how to combine strip piecing with diamond star cuts to create a magical three dimensional effect. The pieces are large and uncomplicated, which means in no time you will have a wonderful "summertime" quilt.

**T-Shirt Quilt Mon Feb 17 10:30-4 \$25 Barb Boyer**

T-shirt quilts are popular and easy to make - but with a little coaching from Barb it will make that graduation gift a snap to make. For those of you who do not have the program, there will be some limited time for students to work on Barb's computer to design your quilt.

**Hand Piecing Dresden Plates Wed March 18 10-noon \$30 Sandra Freeburg**

Everyone who quilts needs to learn to hand piece. Sometimes we need to have small portable projects to take with us in the car, to doctor appointments, and sometimes, just for relaxing stress free quilting. Learn to hand piece with traditional methods. There are many patterns that are so difficult to piece by machine, but are beautiful when done by hand. This spring, in keeping with our "Dresden Plate" theme, Sandra will teach hand piecing using the Dresden Plate pattern.

**Mini Dresden Plates Sat March 28, 10:30-41 \$25 Barb Boyer (Another of our "working with rulers" class)**

## **Nolting Longarm Machines**

Nolting has 5 main machines, each with different reaches: from 17" to

30" depending on the machine. They are sold with or without a frame, but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in 17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with progra

mmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needleup/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

### **Knit Pickers' Club FREE!**

This is another get-together class to sit & knit, work on our projects, share information and get some help. We will share techniques, suggest patterns, but mainly we'll sit & knit (or pick). We are discussing trying to do a group project-meaning everyone does the same pattern. Each
