WE ARE NOT DOING ANY DEMOS. WE'RE KEEPING A LOW PROFILE, HAVING THE SALE, AND DOING THE ACCUQUILT CUTTING.

March 19, 2020

I'm sure you're all getting tired of the emails from EVERYBODY, and then from companies you don't even know, explaining how to stay safe right now. I hate to add to the mess.

But...and there always is....we will make some changes at the store.

My commitment is to stay open. You'll need supplies and as long as it is safe -meaning I'm well-I will stay open. Besides, I don't have internet at my house and there are only so many reruns of Monk that I can watch. Or NCIS, Criminal Minds, Diagnoses Murder, Law & Order, Jag, Closer. I've seen them all. Multiple times. I have to come to the store to stay sane.

Saturday is National Quilting Day. We planned for sales, demos, AccuQuilt cutting times and other mayhem. The only thing I am cancelling are the demos. I will still have the sale, and you can still come

in to use the AccuQuilt cutter. We are doing that one at a time. Individual slots still available are at ½ intervals starting after 12:30. And whatever snow we get today and tomorrow will be gone. I say that with all confidence.....

If you know what you need, please call. I can pull the items, cut the fabric and charge over the phone. When you come to pick up (or if you need delivery, just let me know), send me a text or call and I will walk your items out to you. If you come and want to shop, but there are too many people inside for your comfort, have the items you need written down, let me know you're here and I'll come out for your list. You can wait or come back later to pick up.

Quilters are responsible individuals. You know if you've either been exposed or have had the potential for being exposed. If you think that's the case and still need supplies, just tell me. I'll work with you to get you what you need. Even if you need something other than quilting supplies. Call and I'll help as much as I can. I won't shovel your walk, but I can run errands and bring food.

I'll send pictures of my knitting - I'm about 20 rows into the project and I have about 4 rows of good news and the rest is colorful. The quilt-along project I'll update about twice a week, and when we're finished with that one, I'll start another one. For those of you who haven't started, we have some new Hoffman fabrics in that would look great in this quilt. Also, if you've been collecting brights and polka dots for the Block of the Month, you can use the same color palette.

I will also post the free block of the month on line -- it will be a link. I can't easily copy the pattern & instructions into this email. And if you don't come in for the pattern and your fat quarter, you can get it at any later date.

Stay safe and stay sane.

The Good News Quilt

We will not let this pandemic get the best of us! Quilters have a strong history of stitching through any kind of crisis, so we are well equipped to manage, stay hopeful, and have a finished product at the end.

Each week I will give you the next part of the pattern - so yes, it's a bit of a mystery. But the color scheme is very simple and can be done from your stash. You are welcome to come into the shop to select your fabrics, of course. We are a safe space here. But this quilt gives you a good excuse to cut up parts from your stash.

We also have an AccuQuilt die cutter that will cut the right size squares for part of this project.

Sew (clever, huh) here we go!

Total fabric yardage needed:

1 1/4 yards of background, preferably whitish.

1 1/4 yards of colors (we'll get back to this)

1 1/2 yards of another background, preferably whitish

1 1/2 yards of colors (we'll get back to this)

2 1/4 yards border

Size of quilt 75 X 84 (you can make it larger, but you will have to adjust fabric requirements, of course)

Step one: Find your fabrics! For background, you can choose 2 different white on whites, 1 1/4 yards of one white and 1 1/2 yards of a different yet compatible white. You can also choose 3 yards of various whites from your scraps, all different but all compatible. Not to confuse you further, you can choose compatible styles of 1 1/4 yards white on whites and different compatible white on whites for the 1 1/2 yards. I will be very clear, in the instructions, which whites go where. And I'll give pictures. You can add some black on whites (or blue on white, etc) for this part, if you wish, just make sure the visual aspect of the background is primarily white.

For your colors: The brighter, the better. We're not going to make this quilt in somber colors. You can if you wish (the quilt will come out just fine) but we need cheering up and bright colors are what the doctors (quilt ones) are ordering. My suggestion: Pull a pile of bright colors from your stash. If you don't have a stash of bright colors, come in. We've got lots of brightly colored fat quarters. This quilt will look best if your bright colors are tone on tone, meaning, don't choose various brightly colored flying pigs on a multicolored background.

For both the whites and the colors, if you are using up scraps, the minimum size you need is 5 1/2" X 5 1/2". If you are working from fat quarters, you will need about 13-14 fats of color and 13-14 fats of white.

Part 2:Part two:

Cut 56 squares of white(s) and 56 squares of color. Pair a white with a color. Draw a line down corner to corner. Sew a scant 1/4" from each side of the line. You will get 2 half square triangles from each square. Square each one to 5" X 5".

That's it! Don't worry about color or placement. NOTE: If you have already cut your squares and you cut them at 5" X 5": DON'T PANIC! You can still use them. Just square your triangles to 4 1/2" X 4 1/2" .

**Shop Hop is Cancelled

Block of the Month First Sat of month 10:30-11:15 FREE Barb Boyer

Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year the challenge is to use polka dot fabric in each block. The quilt will be whimsical, and will lend itself to bright colors, stripes, stars, and dots. To start you off we will give you a fat quarter that you must use in your blocks (at least in some of them). But...if you don't like the fat quarter or dots, you can choose any color scheme you like.

Dresden Plate, English Paper Piecing last Monday of each month, 2-4 Barb Boyer \$20 (one time fee)

We will teach the basics of English Paper Piecing, the simple & easy way to hand piece. English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including **Dresden Plate**—this is the pattern we're doing this year.

Hand Embroidery Club 2nd Sat. of the month, 10-noon FREE Kathy Sconce
If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. We are still doing the Gardner's Alphabet Quilt Block of the Month by Crabapple Hill. We will explore a variety of embroidery stitches for each block each block (2 letters per month), plus we will learn how to color with regular crayons to enhance the blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques. We are also looking at new patterns, for those you do not want to do the Alphabet quilt or who have finished those blocks.

Knit Pickers' Club 2nd and 4th Wed of each month, 3-7 Carol Moler
We are changing up the Knit Pickers' Club. We're going to knit 2 days a month every second and fourth Wednesday, and we'll start earlier in the day at 3. For those of you who work, we'll still be knitting > till 7. The Club is open to all skill levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We work on some felting projects, fingerless mittens, mittens, and socks. And we're experimenting with group projects—meaning we will demonstrate a particular project (fingerless mitts, cables, stranded work, charts) and then everyone does the same pattern. Each month (or so) we will switch to a new project.

Long Arm Quilting Classes Wednesdays from 10:30-1:30, 2:30-5:30 Barb Boyer \$30 (check calendar for specific times & dates)
In this class you will learn all about the quilting long arm quilting machines: loading, threading, quilting. I'll demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quilting—it's just a start.

February Classes

Hand Applique/Back Basting TBA, 10-noon Sandra Freeburg \$30

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no need for pins to get in the way. This class is

great for beginners and all levels of appliquers. Don't let hand applique frustrate you. It's really easy and relaxing!

Summer Swag Quilt RESCHEDULED FOR SUMMER \$25 Jean Korber (Another of our "working with rulers" series + 2 ½" pre cut strips)

This quilt is another Krista Moser quilt, no template piecing. If you did FanFaire, you can use the same ruler. And it uses precut 2 ½" strips! The pattern shows you how to combine strip piecing with diamond star cuts to create a magical three dimensional effect. The pieces are large and uncomplicated, which means in no time you will have a wonderful "summertime" quilt.

March Classes

Beginning Machine Applique Thurs March 26 1-4 \$30 Barb Boyer

So many quilts use applique these days. Learn the ins and outs of machine applique, from points to curves. We will practice the button hole/blanket stitch, satin stitch, and you can also play around with your decorative stitches. Threads, fusibles and stabilizers will be discussed.

Be prepared to quilt! You will practice your quilting skills on various samples, using both your walking foot and darning foot. Batting, threads, needles and patterns will be discussed. Who knows? By the time you leave you may even be able to write/quilt your name!

Hand Piecing Dresden Plates Wed March 18 10-noon \$30 Sandra Freeburg

Everyone who quilts needs to learn to hand piece. Sometimes we need to have small portable projects to take with us in the car, to doctor appointments, and sometimes, just for relaxing stress free quilting. Learn to hand piece with traditional methods. There are many patterns that are so difficult to piece by machine, but are beautiful when done by hand. This spring, in keeping with our "Dresden Plate" theme, Sandra will teach hand piecing using the Dresden Plate pattern.

Mini Dresden Plates Sat March 28, 10:30-41 \$25 Barb Boyer (Another of our "working

with rulers" class)

This class will teach you how to use a small and a mini Dresden Plate template to make little Dresden Plate blocks. We will have suggestions to help you decide, or you can simply choose a project from the book. Book and templates are required.

Then, this summer when your embroidery work is finished, we will get together for the final part: setting the quilt. In the Beginning has created this marvelous dragon fabric: in orange & flame colors, or cool blues & purples. The dragons are in a panel and there is a coordinating border stripe. stitch is a type of running stitch and the patterns are often geometric. Learn the basic stitch in the intro class and make a small wall hanging, tea towel, or quilt.

Then if you bring a small project, that is already quilted and ready for binding, you can use Jean's techniques and tricks to apply the binding to your project. Nolting Longarm Machines

Nolting has 5 main machines, each with different reaches: from 17" to 30" depending on the machine. They are sold with or without a frame, but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in 17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with programmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needle up/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.
